## [Grain fed cattle numbers remain high](#) » [ALFA News](#)

22 November 2015

**Cattle numbers in Australian feedlots remained at near record levels, increasing by less**

than 1% for the September 2015 quarter to 961,328 head.

Australian Lot Feeders' Association (ALFA) CEO, Dougal Gordon, stated that "the result continued to reflect the ongoing dry conditions in particularly Queensland (which made it difficult for...

## **Queenslanders warned of impending costs/ risks as ethanol mandate bill enters Parliament »** **ALFA News**

20 September 2015

With a bill requiring 20% of all Regular Unleaded Petrol (RUP) sold in Queensland to be blended with ethanol entering state parliament last week, it is timely to remind Queenslanders of a few telling facts regarding the issue.

Australian Lot Feeders' Association (ALFA) President, Don Mackay stated that the legislation...

## **Who will be named 2015 Young Lot Feeder of the Year? »** **ALFA News**

10 September 2015

The future of the Australian Lot Feeding sector is in very capable hands if the top three 2015 Phibro Young Lot Feeder Achiever Award (YLFAA) finalists are anything to go by. The YLFAA is currently in its 22nd year, with a long history of notable feedlot stalwarts having received...

## **Driverless Trucks - Next Generation Technology is Now »** **ALFA News**

04 September 2015

Living in a technology age, where development of new concepts occurs at a rapid and exciting pace and where keeping in touch can at times prove very difficult. One technological development that has taken the mining sector by storm, is driverless trucks otherwise known as autonomous hauling systems. These...

## **Drones & feedlots an unlikely match, creating aerial solutions » ALFA News**

26 August 2015

Historically, drones have been portrayed in the media, as strange UFO type invasive technology, striking fear into the hearts of all lot feeders. Uncertainty prevailing around where or when they might unleash their aerial assault on feedlot privacy. This uncertainty is about to cease.

The Australian Lot Feeders' Association (ALFA)...

## **Cattle on feed close 2015 at record levels » ALFA News**

14 August 2015

Cattle in Australian feedlots reached record levels in the final quarter of 2015 with 997,765 head on feed.

Australian Lot Feeders' Association (ALFA) President, Tess Herbert said that the increase was driven by more cattle in the large NSW feedlots, which offset a small decline in Queensland.

Ms Herbert said that...
