

AUSTRALIAN LOT FEEDERS' ASSOCIATION

## MEMBERSHIP FEES

FY25

### Calculation of Membership Fees

Membership fees are calculated according to the lesser of the feedlot(s) actual physical capacity and the feedlot(s) licensed capacity as at July 1. Please ensure ALFA has the correct feedlot capacity recorded within your membership details at time of application and that you notify ALFA if your capacity changes.

A feedlot with capacity of 500 head or less pays a set base fee of \$500 (excluding GST).

If the capacity is greater than 500 head the membership fee is calculated by multiplying the feedlot capacity by 42¢ and then adding the base fee as outlined in the below calculation table.

A maximum membership fee of \$21,500 (excluding GST) applies to feedlots with capacities over 50,000 head.

A pro-rata membership fee applies after 1 October.
